Classic Archaeologist - Digital Archaeology Department

Company: :), ColonBracketComma Advanced Digital Archaeology and Artificial Intelligence R&D Company

Location: York (UK)/İstanbul (TR)

About Us: :), ColonBracketComma Advanced Digital Archaeology and Artificial Intelligence R&D Company is leading the way in using advanced technologies to explore and understand ancient civilizations. As part of our Digital Archaeology department, we're committed to conducting innovative research that sheds new light on the past.

Position Overview: We are seeking a Classic Archaeologist to join our Digital Archaeology department. In this role, you will contribute your expertise in classical archaeology to our research initiatives, collaborating with a multidisciplinary team to uncover and interpret archaeological evidence from ancient cultures around the world.

Responsibilities:
- Conduct archaeological research to investigate ancient civilizations, with a focus on classical antiquity and related periods.
- Analyse archaeological data, including artifacts, structures, and texts, to reconstruct past societies and interpret cultural practices and beliefs
- Collaborate with researchers, historians, and specialists in other disciplines to integrate archaeological findings into broader narratives of human history.
- Utilize digital technologies and methodologies to enhance archaeological research, such as 3D modelling, GIS analysis, and virtual reconstruction.
- Publish research findings in academic journals, present at conferences, and engage with the public through educational outreach and public programming.

Qualifications:
- Doctoral or Master's degree in Classic Archaeology, or related field, with a focus on classical antiquity.
- Proven experience in classical archaeology, with expertise in a specific geographic region or cultural tradition.
- Familiarity with digital archaeology tools and techniques, with a willingness to learn and apply new technologies.
- Excellent written and verbal communication skills, with the ability to communicate complex ideas to diverse audiences.

To Apply: If you're passionate about classical archaeology and eager to contribute to ground-breaking research at :), ColonBracketComma Advanced Digital Archaeology and Artificial Intelligence R&D Company, please submit your resume and cover letter detailing your relevant experience to hr@colonbracketcomma.ai
