

Historic Preservation Specialist - Digital Archaeology Department

Company: :), ColonBracketComma Advanced Digital Archaeology and Artificial Intelligence R&D Company

Location: York (UK)/Istanbul (TR)

About Us: :), ColonBracketComma Advanced Digital Archaeology and Artificial Intelligence R&D Company is dedicated to preserving and celebrating the cultural heritage of ancient civilizations through innovative digital archaeology techniques. As part of our Digital Archaeology department, we're committed to safeguarding the past for future generations.

Position Overview: We are seeking a Historic Preservation Specialist to join our Digital Archaeology department. In this role, you will play a key role in documenting, assessing, and conserving archaeological sites and artifacts, ensuring their long-term preservation and accessibility for research, education, and public engagement initiatives.

Responsibilities:

- Conduct field surveys and assessments to document and record archaeological sites, structures, and artifacts according to best practices and standards for historic preservation.
- Develop preservation plans and strategies to protect and conserve archaeological resources, taking into account factors such as environmental impact, cultural significance, and sustainable management.
- Collaborate with researchers, archaeologists, and stakeholders to prioritize preservation efforts and implement conservation measures for at-risk sites and artifacts.
- Digitize and archive archaeological data and documentation using digital imaging, mapping, and database tools, ensuring accessibility and long-term preservation of cultural heritage resources.
- Engage with local communities, government agencies, and other stakeholders to promote awareness and appreciation of cultural heritage and support preservation efforts.

Qualifications:

- Bachelor's or Master's degree in Archaeology, Historic Preservation, Cultural Resource Management, or related field.
- Proven experience in historic preservation and cultural resource management, with knowledge of relevant laws, regulations, and ethical guidelines.
- Strong fieldwork skills and experience conducting archaeological surveys, excavations, and documentation.
- Familiarity with digital imaging, mapping, and database tools for archival and preservation purposes.
- Excellent communication and interpersonal skills, with the ability to collaborate effectively with diverse stakeholders.

To Apply: If you're passionate about preserving the cultural heritage of ancient civilizations and interested in joining our team at :), ColonBracketComma Advanced Digital Archaeology and Artificial Intelligence R&D Company, please submit your resume and cover letter detailing your relevant experience to hr@colonbracketcomma.ai
